ShopEase Frequently Asked Questions

Last updated: January 2026

Orders

How do I check my order status?

Log in and open "My Orders" in your account, or give our support assistant your order number. You will also get email and SMS updates when your order ships and when it is delivered.

Can I cancel my order?

Yes, you can cancel an order for free as long as it has not been shipped. Go to "My Orders", select the order, and choose "Cancel order", or contact support with your order number. Once the status is "Shipped", the order can no longer be cancelled, but you can return it after delivery under our returns policy.

Can I change the items in my order?

Items cannot be changed after the order is placed. You can cancel the order before it ships and place a new one.

I did not receive an order confirmation email. What should I do?

Check your spam or promotions folder first. If you still cannot find it, look in "My Orders" in your account. If the order is not listed there, the payment may not have gone through, and any amount deducted is refunded automatically within 5 to 7 business days.

Where can I find my order number?

Your order number is in the confirmation email and SMS, and on the "My Orders" page. It looks like ORD-1042.

I received an incomplete order. What should I do?

Contact support within 7 days of delivery with your order number and photos of what you received. Items in a single order can sometimes ship in separate packages, so check your tracking page first.

Payments

Which payment methods do you accept?

We accept UPI, credit and debit cards (Visa, Mastercard, RuPay), net banking, ShopEase wallet, and cash on delivery on eligible orders.

Is it safe to pay on ShopEase?

Yes. Payments are processed through RBI-compliant payment gateways. We do not store your full card number or CVV.

My payment failed but money was deducted. What now?

The amount is usually returned automatically to your account within 5 to 7 business days. If you do not receive it after 7 business days, contact support with the transaction ID or a screenshot of the deduction.

Do you offer EMI?

EMI is available on orders above ₹3,000 with selected credit cards. EMI options are shown at checkout.

How do I use a coupon code?

Enter the code in the "Apply coupon" box at checkout. Only one coupon can be used per order, and coupons cannot be combined with some sale offers. Coupons cannot be applied after the order is placed.

Account

How do I create an account?

Click "Sign up" and register with your email or mobile number. You can also check out as a guest, but you will not be able to see your order history.

I forgot my password. How do I reset it?

Choose "Forgot password" on the login page and enter your registered email or mobile number. We will send you a reset link or OTP.

How do I update my address or phone number?

Open "My Account", then "Addresses" or "Profile". Changes to an address do not affect orders that are already placed.

How do I delete my account?

Email support@shopease.example from your registered email address. Account deletion is permanent, and pending orders or refunds must be completed first.

Products

How do I find my size?

Each product page has a size chart. If you are between sizes, we recommend choosing the larger size. Size exchanges are covered by our returns policy.

Are the products genuine?

Yes. We source directly from brands and authorised sellers. Every product comes with a manufacturer warranty where applicable.

Do you offer a warranty on electronics?

Electronics carry the manufacturer's warranty, usually 1 year. Keep your invoice, which is available in "My Orders", to claim warranty service.

When will an out-of-stock item be available again?

Click "Notify me" on the product page and we will email you when it is back in stock. We cannot give an exact restock date.

ShopEase Plus

What is ShopEase Plus?

ShopEase Plus is our membership program at ₹499 per year. Members get free express shipping on orders above ₹1,999, early access to sales, and extra reward points.

How do reward points work?

You earn 1 point for every ₹100 spent. Each point is worth ₹1 and can be used at checkout. Points expire 12 months after they are earned and cannot be redeemed for cash.

Support

How can I contact customer support?

- Email: support@shopease.example (reply within 24 hours)
- Phone: 1800-000-0000, Monday to Saturday, 9 AM to 7 PM IST
- Chat: our support assistant is available 24 hours a day

Can I talk to a human agent?

Yes. Ask the assistant for a human agent at any time, or call us during support hours. Refund requests are always reviewed and approved by a human agent.

What information should I keep ready when I contact support?

Your order number, the email or phone number used for the order, and photos if you are reporting a damaged or wrong item.
